MESSAGE FROM THE AMEER

Assalām u 'alaikum Warahmatullāhi wabarakātuh brothers and sisters!
As always, it is heartwarming to see you all here and welcome once again as to our 2020 Faith conference.

I would like to take this opportunity to tell you about our project called the *Youth Leadership Summit*. It is a platform that aims to allow our versatile youth to grow as individuals in terms of religion and worldly life! It will help them explore their own identities and be staunch in their values.

Your support and participation in this project would be much appreciated.

With that said, I bring you to today's conference, with a question; What does it mean to live?

We have been lead to believe that living is equal to partying, enjoying to the fullest, and doing whatever we desire.

We are all very familiar with 'You only live once'. We have been hearing it since childhood.

But do we know what it means? Do we even know if it's true? Do we really live just once?

I would like to invite you to explore the answers to all of these questions today!

I pray that today turns out to be a day of enlightenment for us all and that when we leave, we leave with the truth, and an inspired heart, mind and soul.

May Allah accept it from you and all of us and may He increase us in 'ilm and 'amal, Ameen.

Wa Alaikum Assalaam wa rahmatullaah

Nouman Idrees Sheikh,
Ameer, LiveDeen

ABOUT US

Orange Tree represents prosperity, growth and happiness.

The journey began in 2011, when a group of individuals joined hands to bridge the socio-economic gap in Pakistan. Kiran School's model was chosen as the group believed in providing equal opportunities to all. Within the first year, it was realized education was not the sole solution to achieve holistic well-being. Hence, the scholarship was reengineered by adding healthcare and financial assistance. The organisation began from 8 students and has reached 235 students as of 2019.

MISSION

Creating equal opportunities for financially challenged households in Pakistan by providing education, healthcare and financial assistance to deserving Students and their families to ensure holistic well-being.

WHAT WE DO

OTF extends educational scholarships, quality healthcare, vocational training and financial assistance to achieve overall well-being of students' family.

Educational Scholarships

- Supporting financially challenged students of all age groups by giving them equal opportunities to attend mainstream schools, colleges and universities.
- Our students are enrolled at renowned institutes within Karachi, Pakistan. To name a few: Nixor, Beaconhouse, Habib School and University, DOW, IVS, FAST, IBA, Ziauddin College & Reflections School.

Healthcare

- Part of our mission is to provide quality healthcare to students and their families; thereby producing self-sufficient households in safe and healthy communities.
- To efficiently facilitate our health and emotional well-being programs; weekly family clinics, immunization programs, counselling sessions, various partnerships are maintained with hospitals and consultants.

Financial Assistance and Skill Development

- Orange Tree is consistently striving toward a better quality of life and increasing financial independence for the enrolled families.
- Financial assistance, skill development programs and guidance for starting small-scale businesses are provided.
- A separate dedicated team looks after needs of widows and single mothers enrolled in OTF program.

Women Empowerment

- Women enrolled at Orange Tree Foundation are directed towards fitting resources to enhance their skill sets and ensure attainment of educational qualifications for better employment opportunities.
- Our goals are met by, but not limited to, conducting various workshops, vocational trainings and enrollment in degree programs.

LIVEDEEN: A RAY OF HOPE

**Our Vision is,
TO EDUCATE, COACH, AND INSPIRE INDIVIDUALS TO ENJOY A
MEANINGFUL LIFE'**

LiveDeen strives to connect people to the Deen of Allah, and to his people. Together in this quest for Jannah, it helps them stay firm on the back of Allah. The audience of LiveDeen is diverse, belonging to different strata of the Pakistani Community, be it Muslim or Non-Muslim.

SO HOW DID IT COME ABOUT?

A group of like-minded individuals got together and decided to address the issues that stemmed from the unconventional way that society is brought up, many people in Pakistan are enthusiastic about learning the Deen, but are at the distinct disadvantages of being most comfortable in English in a society where more religious tuition is in Urdu. These individuals came up with a brand new initiative – of connecting the scholars of Islam in the West to Muslims in Pakistan. Thus, LiveDeen was born.

HOW DOES LIVEDEEN OPERATE?

Initially, LiveDeen had live video conferencing lectures, and sometimes in-person talks only in Karachi. With time and the grace of Allah, most scholars have started flying in to Pakistan to conduct their talks, and LiveDeen has now expanded to Lahore and Islamabad. These sessions are conducted quarterly, along with an annual day - long conference.

With several speakers. These emanating sessions also connect the audience to other souls, offer wisdom and reminders, and impart knowledge. There is so much more to do so a community. Our audience has also become more diverse.

LiveDeen

✓ WHO ARE THE LIVEDEEN SPEAKERS?

For the first time in Pakistan, LiveDeen is arranging Islamic workshops in English. Our lectureshops are conducted by renowned Islamic Scholars from various countries around the world including Saudi Arabia, United States, UAE, Malaysia and Britain. Our panel of scholars include personalities such as Sheikh Abu Eesa Niamatullah, Sheikh Hussain Yee, Br. Daniel Haqiqatjou, Br. Wael Ibrahim, Sheikh Yusuf Estes and many more. We also make sure we include our esteemed local speakers so that the interaction allows the community to come together and these ulema can apprise the international scholars of our existing issues.

✓ WHAT HAVE WE ACHIEVED SO FAR?

Alhamdolillah by the grace of our Lord, LiveDeen has been able to,

FC 2020: YOLO

STORY BEHIND THE THEME

With our world shrunken into a rally for self-fulfilment and pursuit of desires, nobody wants to be outpaced. YOLO is a call to have it all before the 'ultimate end'. As we delve deeper into the glitz of life, a voice resonates from within, awakening us to the most meaningful realisation: Is death the ultimate termination? Does life really end after death, or is it just the beginning? Do you, indeed, "Only live once", or is there another life after our worldly demise?

YOLO is a 21st century motto that stands for 'you only live once'. Leading a life based on this statement requires one to indulge in all pleasurable activities and make the most of this life before they die.

But do you really only live once?

Believing in this meaning of YOLO engages people to follow a delusion and hence pursue the apparently attractive pleasures of life regardless of them being permissible or impermissible by Allah. Life in this way becomes a deception and leads to destruction in the hereafter.

The need of today is to understand the meaning of YOLO in its true spirit i.e you get only once chance to win the favours of your Lord and earn jannah. What you sow here, you shall reap in the Hereafter. Hence one should not miss the only one opportunity given in this life to deserve eternal bliss Hereafter.

Looking at YOLO from this perspective changes everything to the extent of looking at the trials and tribulations of this life as tests given by Allah. It is only then we understand the true meaning of the Ayahs below:

***'And We will surely test you with something of fear and hunger and a loss of wealth and lives and fruits, but give good tidings to the patient, Who, when disaster strikes them, say, "Indeed we belong to Allah, and indeed to Him we will return." Those are the ones upon whom are blessings from their Lord and mercy. And it is those who are the [rightly] guided.'* (2:155-157)**

Following a life based on principles adhering to 'YOLO', will only lead to displeasing your Lord and giving up your chances to attain a life of immense bounties in Jannah. This life will never satisfy us and its enjoyments are nothing compared to what's in the Hereafter.

FC 2020: YOLO

"O you who have believed, what is [the matter] with you that, when you are told to go forth in the cause of Allah, you adhere heavily to the earth? Are you satisfied with the life of this world rather than the Hereafter? But what is the enjoyment of worldly life compared to the Hereafter except a [very] little." (9:38)

So, ask yourself, do you only want to live once, transgressing against your soul and following your nafs blindly? Or do you only want to live once following your Lord's commands and living a life that Prophet Muhammad ﷺ lived? Do you not want to be among the righteous to whom it will be said:

"O reassured soul, return to your Lord, well-pleased and pleasing [to Him], and enter among My [righteous] servants and enter My Paradise." (89:27-30)

You don't only live once. You will live again in the hereafter, but, where will it be, Jannah or Jahannum?

CHAPTER PROJECT: YOUTH LEADERSHIP SUMMIT

Pakistan is one of the richest country in terms of youth population. It means, If we as nation only rely on the faith, education and skills of our youth, we will be able to pay off our all debts , will be able to uplift our status and also to retain our grace as nation.

The Social concerns like identity crisis, individuals having no dream or Purpose of their lives and hence , they have lost the drive to excel or change the undesirable to desirable , led LiveDeen to launch a chapter project of Youth Leadership Summit. The aims and objectives of YLS are:

1. To educate , Coach and inspire individuals to enjoy a meaningful life
2. Make youth realize their individual identity (as khudi Suggested by Allama iqbal) and collective consciousness (as Ummah_the best of nation)
3. Make them actualize the purpose of their existence without depending on external means

LiveDeen aims to provide open platform to youth to express their feelings, communicate their view points and exchange their ideas and innovative solutions. In Faith Conference 2020. Youth Leadership Summit has offered the opportunity to the youth of age eight to thirty five for expression in terms of speech , communication through video development and exchange ideas of entrepreneurial solutions of social issues other than the competing for excellence in Qiraat.

FAITH SPEECH CONTEST

Synonymous with the theme of the Conference, the topic of the speech is "Live, as if you will die tommorow" . Dr Muhammad Iqbal advice the youth that those who have firm belief, they live a life of a radiant sun, whose luminous light always find out the way to enlighten its Surrounding. no matter what. The prizes for the winners of the three age groups will be Rs 10,000/- , Rs 15,000/- , Rs 25,000/-

DIGITAL MEDIA COMPETITION

In the era of Vloggers and Videography, LiveDeen aims to transfer the skill into meaningful activity. The theme of this Competition is "Pakistan!! My Pride , My Responsibility ." There is no age restriction. The winner of the best video will get the Prize of 75000/-.

SOCIAL IMPACT ENTREPRENEUR COMPETITION

LiveDeen helps to motivate the youth to stand up against all odds, potentially change the crisis into Opportunities within the available resources, and make a difference for the world around them. The theme of this Competition is "Grounding The Greatness". The Seed Money Prize for the Winners of both Male and Female categories apiece will be Rs 75000/-

As Allama Dr Muhammad Iqbal recommended the youth in his poem, 'Emergence to Islam' to,

Immerse yourself in yourself , my forgetful one , this is the secret of life; Come out from the fetters of evening and morning, become immortal.

QIRAAT COMPETITION

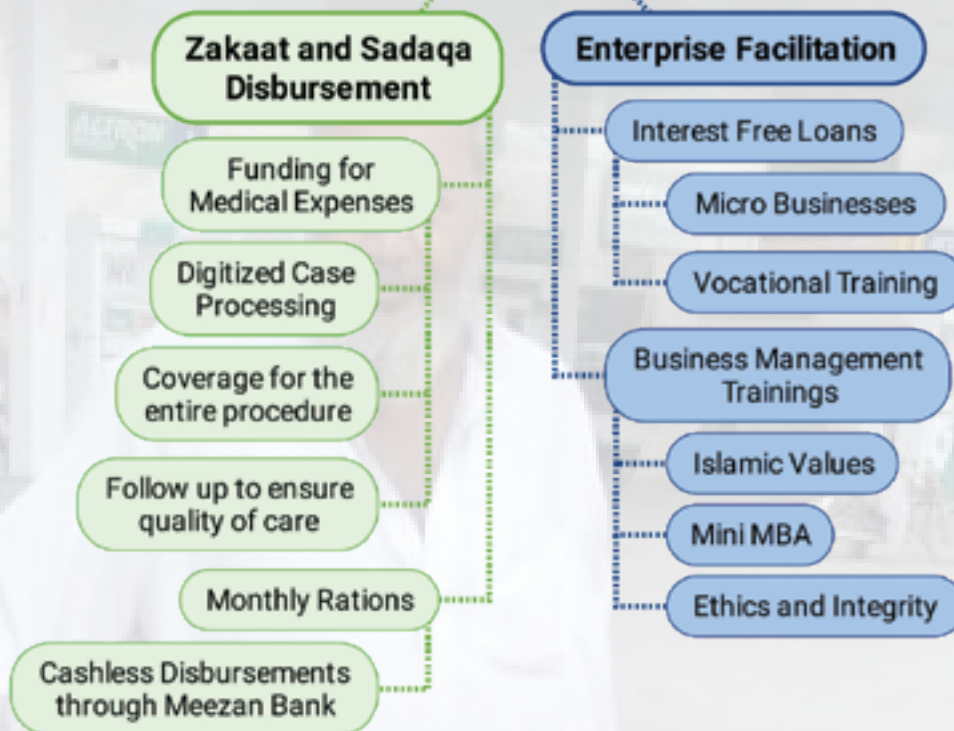

LiveDeen through this competition intends to revive our youth's vital relationship with The Qur'an and to raise the spirit of competition between children with its recitation. All Participants will get a chance to demonstrate their capabilities and increase in their Love for the Qur'an with renewed motivation. The Prizes for the winners will be Rs 15,000/- , Rs 20,000/- & Rs 25,000/-.

We want to move forward to revive the golden era, no matter how small our actions are, we strongly belief that in sha' ALLAH, with these small steps, together we will be able to anchor the stars beyond horizon.

FAIZAN STEEL
SYMBOL OF QUALITY

The Ihsaas Trust was created in 2012 as a catalyst for facilitating effective philanthropy and deploying private capital to reduce poverty levels in Karachi. Over the years, the Trust has experimented with and learned from capital deployment approaches like microfinance, connecting enterprising individuals with business opportunities and experimenting with new business models.

Currently, the Trust's activities are focused on training, funding and advisory services for Karachi's poor to start and sustain their own micro-businesses.

The Trust has also built efficiency in Zakaat and Sadaqa disbursements by establishing a field team that visits each potential beneficiary, assesses their need and recommends options for support. All efforts by the field team, along with the data collection and recommendations are meticulously documented and available in digitized formats. Cases are decided upon by a committee that includes a field officer, a finance representative and a shariah adviser. Approved cases for healthcare support are routed to credible healthcare partners. All operations of Ihsaas (including the Zakaat and Sadaqa stream) are carried out under the supervision of and due diligence by shariah advisers.

The Ihsaas Trust was created in 2012 as a catalyst for facilitating effective philanthropy and deploying private capital to reduce poverty levels in Karachi. Over the years, the Trust has experimented with and learned from capital deployment approaches like microfinance, connecting enterprising individuals with business opportunities and experimenting with new business models.

Currently, the Trust's activities are focused on training, funding and advisory services for Karachi's poor to start and sustain their own micro-businesses.

The Trust has also built efficiency in Zakaat and Sadaqa disbursements by establishing a field team that visits each potential beneficiary, assesses their need and recommends options for support. All efforts by the field team, along with the data collection and recommendations are meticulously documented and available in digitized formats. Cases are decided upon by a committee that includes a field officer, a finance representative and a shariah adviser. Approved cases for healthcare support are routed to credible healthcare partners. All operations of Ihsaas (including the Zakaat and Sadaqa stream) are carried out under the supervision of and due diligence by shariah advisers.
